Toa Baja, Puerto Rico

EXPERIENCE

Involve LLC

Front-End Developer Intern

March 2024 – April 2024

- Implement front-end changes on the Laravel-based projects.
- Collaborate with the team to integrate new features.
- Participate in meetings with project managers to discuss project requirements.

PROJECTS

Chill's Restaurant- Collaborative Project

- Utilized ASP.NET framework with MS SQL database.
- Utilized Entity Framework to interact with the database.
- Implemented role-based access control and CRUD operations.

Romero Tires and Rims

- A point of sales system in Visual Basic for businesses specializing in car tires, rims, and suspension parts.
- Enabled salespersons to manage customers and export data to Excel.
- Utilized a MS SQL database to store customers details.

Real Estate Entry Genius

- Utilized BeautifulSoup to scrape data from a Zillow-like real estate website and Selenium to automate data entry into Google Forms.
- Collected links, prices, and addresses of real estate properties, enhancing the efficiency of information retrieval.
- Automated form filling, improving accuracy and reducing the manual time required for data entry.
